Dear Parents/Guardians of 8th Grade Students,

As we approach the end of the school year, I would like to take this opportunity to remind you of an essential requirement for the promotion of 8th-grade students to 9th grade at Ilima Intermediate School.

In order to ensure academic success and a smooth transition to high school, it is imperative that all 8th-grade students have successfully passed their core courses in 7th and 8th grade. The core courses include Math, English, Social Studies, and Science.

If a student fails to meet the passing requirements in any of these core subjects, they will be at risk of not being promoted to 9th grade. To address this concern, the student will be required to complete either summer school or an additional year at Ilima Intermediate School to fulfill the necessary academic requirements.

We understand that each student's journey is unique, and we are committed to supporting every student in reaching their full potential. If you have any questions or concerns regarding your child's academic progress or the promotion criteria, please do not hesitate to reach out to your school counselor or contact the school administration.

Your involvement and support are crucial in ensuring the academic success of our students. We appreciate your cooperation and look forward to celebrating the achievements of our 8th-grade students as they move forward to the next phase of their education.

Thank you for your attention to this matter,

Sincerely,

A handwritten signature in black ink, appearing to read "Shayne Greenland".
