

ILIMA INTERMEDIATE SCHOOL

Title I Effective Family Partnerships (ESEA 1116(e) (3))

Ilima Intermediate School is committed to building strong, meaningful partnerships with families by ensuring that our teachers, educational assistants, counselors, and administrators are equipped with the skills and knowledge needed to effectively engage and collaborate with our school community. In alignment with ESEA 1116(e)(3), Ilima provides ongoing professional development and support to staff on culturally responsive communication, family engagement strategies, and inclusive practices that honor the diverse backgrounds of our families.

Throughout the year, Ilima Intermediate offers training focused on strengthening school-home relationships, including how to communicate student progress clearly, how to involve families in academic and behavioral goal-setting, and how to use multiple platforms (e.g., Infinite Campus, school website, school social media accounts and family events) to ensure families receive timely and accessible information. Staff are also supported in working with multilingual families through the use of interpreters, translated materials, and training on effective engagement with English Learner families.

These efforts are further reinforced through Ilima's family-centered events: such as Open House & Title I Night, Ilima Family Nites, curriculum-focused showcases, and student recognition celebrations, which provide opportunities for teachers and families to connect, share strategies for supporting student learning, and collaborate around student success. Through these actions, Ilima Intermediate ensures that all families are valued as essential partners in the education of their children and that staff are fully prepared to foster strong, respectful, and productive relationships with our school community.
